

## Color a Candlestick!

The colonists did not have electricity. Many of them used campfires or hearth fires to see at night. The gentlemen were able to afford candles made of beeswax or tallow (animal fat). These candles let them have their own private light for reading and writing.

Once you have finished coloring your artifact have an adult show you what it looks like in real life by visiting: <https://historicjamestowne.org/jr-kids-at-home> #colorourcollections #JRKids
