

Color a Jetton!

Jettons helped the colonists do complicated math just like early calculators! At Jamestown, they were used to track goods and even as gaming tokens. This jetton shows the letters of the alphabet but it is rather different than ones you know today. How many differences can you find?

Once you have finished coloring your artifact have an adult show you what it looks like in real life by visiting: <https://historicjamestowne.org/jr-kids-at-home> #colorourcollections #JRKids
