

## Color a Thimble!

Archaeologists at have found many sewing items including needles, irons, pins, and thimbles at James Fort. Thimbles protected the sewer's fingers as they pushed a needle and thread through fabric. These thimbles could have been used by tailors, cobblers (shoemakers), and even sailors to make and repair items.

Once you have finished coloring your artifact have an adult show you what it looks like in real life by visiting:
